(816) 550-1907 | [linkedin.com/in/olivia-clemons-6195b6296](https://www.linkedin.com/in/olivia-clemons-6195b6296) | oliviaclemons@gmail.com

EDUCATION

WASHINGTON UNIVERSITY IN ST. LOUIS | St. Louis, MO

August 2024 – May 2028

Bachelor of Science in Mechanical Engineering

- 3.87 GPA

PARK HILL SOUTH HIGH SCHOOL | Riverside, MO

August 2020 – May 2024

High School

- 4.21 GPA | 32 ACT | 1420 SAT
- National Merit Commended Scholar (2024)

EXPERIENCE

Quality Growth Companies | Overland Park, KS

May 2026 – July 2026

Engineering Intern

- Generated detailed Revit BIM models for two facilities, creating comprehensive as-built documentation to support future modifications
- Analyzed construction documents and existing drawings of two facilities to resolve physical discrepancies, ensuring precise equipment placement and system connectivity across all infrastructure systems
- Modeled and coordinated complex building systems within Revit, managing precise routing for HVAC ductwork, plumbing, fire/life safety systems, lighting, power and security layouts

Midwest Pool Management | Kansas City, MO

April 2025 – August 2025

Facility Manager; Seasonal Employee

- Managed daily operations and strict safety compliance protocols for a high-capacity commercial waterpark facility
- Coordinated scheduling and shift coverage for a 30+ person team, optimizing staffing efficiency and ensuring seamless daily workflows

CRB Group | Kansas City, MO

August 2023 – December 2023

Engineering Intern

- Refined system layouts and construction documents by utilizing AutoCAD, Revit, and Bluebeam Revu
- Designed and sized HVAC systems across 10+ building zones, performing airflow calculations while resolving spatial and coordination constraints to optimize asset positioning

ACTIVITIES

Washington University Varsity Soccer | St. Louis, MO

August 2024 – Present

Student-Athlete

- NCAA Division III National Champion
- United Soccer Coaches National Player of the Year (2025)
- All-American and Academic All-American (2025)
- Balanced 25+ hours per week of training, competition, and travel while maintaining a rigorous academic course load

McKelvey Engineering Undergraduate Student Services | St. Louis, MO

January 2026 – May 2026

Physics II Tutor

- Provided one-on-one tutoring for undergraduate students in Physics II, covering topics including electricity, magnetism, and circuits
- Explained complex concepts using step-by-step problem-solving approaches, enhancing students' understanding and performance through weekly sessions

PROJECTS

Snow Blower Design Project | Advanced Computer-Aided Design (MEMS 2150)

January 2026 – May 2026

- Collaborated in a 4 person team to design a snow blower in SOLIDWORKS bound by a strict 350 lb constraint and multiple capability requirements
- Modeled full mechanical assemblies including auger, housing, drive train, and structural supports while calculating tolerances and fit constraints to ensure subsystem compatibility

Voice-Controlled Arduino Car | Electrical and Electronic Circuits (MEMS 2000)

September 2025 – December 2025

- Co-developed a robotic vehicle utilizing Arduino UNO, integrating 2 DC motors, 4 wheels, an ultrasonic sensor, a 2" LCD display, and a LED for real-time feedback
- Programmed voice recognition with 8 commands to control speed and direction, using structured command sequencing to translate verbal input into motor and display actions

SKILLS & INTERESTS

- *CAD & Modeling:* SOLIDWORKS, Revit, AutoCAD, Bluebeam Revu
- *Programming:* MATLAB, Python
- *Manufacturing:* Lathe, Manual Milling, Belt Sander, Band Saw Operation
